PROFESSIONAL EXPERIENCE

ICT Assistant

May 2025 – Present

GWASCO – Gusii Water and Sanitation Company Limited, Kisii, Kenya

- Provide technical support for hardware, software, and network issues across departments.
- Maintain and update company systems, databases, and websites to ensure optimal performance.
- Assist in the implementation and documentation of IT policies and data security measures.
- Monitor system performance and troubleshoot issues to minimize downtime.
- Support ICT procurement processes and manage inventory of ICT equipment

Techlup Solutions

APRIL 2024 – 2025

Software Developer - Remote

- Designed and implemented responsive user interfaces using **ReactJS**, **TypeScript**, **TailwindCSS**, and **CSS** to deliver seamless user experiences.
- Collaborated with backend developers to integrate APIs and ensure smooth data flow across the application.
- Managed global application state and complex data workflows using **Redux** and other state management libraries.
- Optimized front-end performance, reducing load times and improving application speed by implementing best practices in coding and asset management.
- Contributed to the development of scalable and maintainable codebases, adhering to modern software development standards.
- Participated in code reviews, ensuring high-quality code and knowledge sharing among the team.
- Created reusable components and modular code to accelerate development and ensure consistency across projects.

- Utilized Agile methodologies, attending daily stand-ups and contributing to sprint planning sessions.

Nov 2023–May 2024

Sheba Plastic Limited – Rwanda

Software Engineer (Remote-Contract)

- Led the frontend development team in building an API Documentation Website using ReactJS, TypeScript, and TailwindCSS.
- Enhanced developer onboarding and support by 30% through the creation of a user-friendly documentation platform.
- Collaborated with backend developers on GitHub to ensure seamless integration and functionality.

Freelance Python Developer (Remote) | QOVES Studio

Dec 2023 - March 2024

- Developed an Instagram Bot Automation system using Python, Instagrapi, Excel, and Postgres.
- Automated repetitive tasks on Instagram, mimicking human interactions to enhance user engagement and efficiency.
- Integrated the bot with data storage and analysis tools, improving automation reliability and performance.

EDUCATION

St Paul's University

Diploma Computer Science

ALX Africa

*Software Engineering Program,
Specialization in Back-end*

March 2024

CERTIFICATE OF COMPLETION

This is awarded to

Rodgers Mogaka

For completing a 12 Month ALX Software Engineering
Programme with a specialization in Back-end.

FRED SWANIKER
Founder & CEO, AL Group

JULIEN BARBIER
Chief Product Officer, ALX

Date of issue: 15th March 2024

Program completion date: 8th March 2024
